‘Creativity is to see a world in a grain of sand and a heaven in a wildflower.... hold infinity in the palm of your hand and eternity in an hour’ - William Blake

To fulfill our coveted goal of imparting disciplined and quality education, children must be taught how to think, not what to think. In this era of cut throat competition, it is important to impart an integrated education to the future citizens of the nation. We aim to emphasize on academics, co-curricular activities and ethical values to be a leader in their respective field of activity.

This year it was a proud moment for us as MMPS was ranked 1st in Udaipur and 11th in Rajasthan for the second consecutive year by ‘Education World’ in their nationwide survey.

We were honored to have General Bikram Singh, former Chief of Army, one of the ideal leading citizens of the country, Shri Kumar Mardur, a seasoned classical vocalist, Ms Divya Dixit and Ms Meernanda Barthakur, renowned dancers.

Endeavors in the field of sports, club activities, and co-curricular activities are evolving with the commitment to holistic growth.

Interactive Sessions were conducted for the students as well as teachers to enlighten them about the latest techniques of teaching and learning.

Team work of dedicated teachers, committed & supportive management and cooperative parents are the hallmark of MMPS. I am very sure that academic excellence with a good human value system can be accomplished through collaborative efforts.

I wish all a happy reading and good luck for the bright future.
